

# 2019 Summer Camp at F.L. Schlagle Library

Registration begins Monday, March 4th, 9:00 am ONLINE at [www.kckpl.org](http://www.kckpl.org)

**Camp Registration Fees are NONREFUNDABLE.**

## Nuts About Nature Ages 5-6

**(For Those Entering Kindergarten ONLY)**

Two choices:

I—June 3-7, 9:00 am-noon

II—June 3-7, 1:00-4:00 pm

Cost: \$20 (plus processing fee)

Through storytelling, songs, crafts, games, and outdoor activities we'll learn about plants and animals and explore habitats, life cycles, and our environment using all our senses to guide us. We'll even practice our colors, shapes, letters, and number skills through our nature activities as we get a head start on kindergarten. Parents are invited the last day of camp to share some nature time with us!

## Scientists in Training (S.I.T.) Ages 9-11

Three choices:

I—June 10-14, 10:00-3:00 M-TH, 10:00-noon Fri.

II—June 17-21, 10:00-3:00 M-TH, 10:00-noon Fri.

**\*\*III—August 12-16, 10:00-3:00 M-F (no overnight)**

Cost: \$25 (plus processing fee)

Optional Overnight: \$20

This camp will focus on introducing the concepts and skills used by scientists working in the fields of biology, chemistry, geology, and astronomy. Other camp activities will include teambuilding, fishing, archery, and hiking. June sessions will have an optional overnight on Thursday that will include dinner, a campfire, nighttime games, and more!

## Eco Explorers Ages 6-8

Three choices:

I—June 24-28, 10:00-3:00

II—July 8-12, 10:00-3:00

III—August 5-9, 10:00-3:00

Cost: \$25 (plus processing fee)

Eco Explorers Camp combines science and nature education with adventure activities such as experiments, archery, hiking, and more! We will explore the natural world through hands-on activities and games, complete colorful crafts, and receive a visit from a special mystery guest!

## Destination Science Ages 12-15

Two choices:

I—July 22-26, 10:00-3:00 M-TH, 10:00-noon Fri.

II—July 29-Aug 2, 10:00-3:00 M-TH, 10:00-noon Fri.

Cost: \$25 (plus processing fee)

Optional Overnight: \$20

This week-long camp for middle schoolers focuses on science, nature and teambuilding. Activities may include hiking, archery, fishing, science experiments, dissection, teambuilding, animal natural history programs, an optional overnight stay on Thursday and much more!

**\*\*Please note these dates occur after some school districts resume class.**
