

About WyCo Page Turners for Patrons

WyCo Page Turners is a service Kansas City, Kansas Public Library offers to all its patrons. At this time, we have more than 100 authors to select from. The goal of the WyCo Page Turners is to connect readers with top-selling authors via automatic holds of the authors of their choosing.

New participants can sign up online or use forms that are available at the service desks.

In addition to the online sign-up, the webpage includes profiles of each author available and contact information for the collection development team.

How to Sign Up

You can sign up using the form online or by stopping by the service desk at any KCKPL location and asking for a paper form.

Changes

If you would like to modify your selections, we ask that you complete a new form online or a new paper form at any KCKPL location.

Canceling Service

At any time, you can cancel your participation in this service by either emailing the Collection Development Department directly at collectiondevelopment@kckpl.org or by speaking with a branch employee who will then pass your information to the Collection Development Department.

Author Information

The following criteria are used to evaluate the addition of authors to WyCo Page Turners:

1. Popularity in Wyandotte County
2. Demand
3. Publishing trends

Suggesting Authors

We appreciate and welcome all staff and patron feedback, and any suggestions can be sent to:

collectiondevelopment@kckpl.org

The Collection Development Department will add suggested authors when we have received five (5) requests for an author from different patrons and if the authors also meet the previously noted criteria.
